Education

- **Guru Tegh Bahadur Institute of Technology** — Delhi, India
  Bachelor of Technology in Artificial Intelligence and Machine Learning — Percentage: 86.03/100 — *2021 - 2025*
  - **Key Coursework**: Operating Systems, Data Structures, Machine Learning, Artificial Intelligence, Networking, Databases, Analysis of Algorithms
  - **Highlights**: Maintained a consistently high GPA and participated in tech fests and hackathons, enhancing my problem-solving and teamwork skills.
- **Modern Convent School** — Delhi, India
  Class 12th — CBSE — Percentage: 86.60/100 — *2021*
- **Modern Convent School** — Delhi, India
  Class 10th — CBSE — Percentage: 93/100 — *2019*

Internships

- **Digitem** — Remote
  Software Developer Intern — *Jul 2024 - Sep 2024*
  - **Backend Development**: Worked extensively with Python, specializing in developing and optimizing REST APIs using FastAPI.
  - **Integration and Testing**: Gained hands-on experience with the Requests library to handle HTTP requests and responses effectively. Integrated Graph API for dynamic data interaction.
  - **Learning Outcomes**: Enhanced debugging skills and improved understanding of API development, focusing on scalability and security.

Projects

- **PneumoGAN: Generating Synthetic Lung Images**: Developed a GAN model to create synthetic datasets of lung X-rays for pneumonia classification. **Key Focus:** Increased model accuracy by improving generated data quality, enabling severity classification in percentages. **Technologies:** PyTorch, TensorFlow, GANs, Image Processing.
- **Automatic License Plate Recognition**: Created a system for real-time recognition of license plates from Static Images and video feeds. **Key Skills:** Python, Scikit-learn, Machine Learning, Computer Vision. GitHub Link
- **SpringBoot WebSocket Chat Application**: Designed and implemented a group chat platform using WebSocket technology and Spring Boot. Integrated an AI bot for real-time assistance. **Key Skills:** Java, JavaScript, SpringBoot, WebSockets. GitHub Link

Certifications

- **Programming in Java (NPTEL)**: Completed a comprehensive Java programming course led by IIT Kharagpur professors, covering advanced concepts and applications.
- **Python Bootcamp (Udemy)**: An in-depth Python course, mastering practical applications in data science, machine learning, and advanced programming concepts.

Personal Details

- **Gender**: Male
- **Date of Birth**: 28 September, 2003
- **Languages**: Proficient in English and Hindi, with excellent communication skills in both.
- **Address**: 46b Nathu Ram Park, Tehsil Road, Najafgarh, South West Delhi, Delhi, India - 110043
