EDUCATION

B.Tech (ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING)	2021-2025	Guru Tegh Bahadur Institute of Technology	**8.188 CGPA**
CBSE (Class XII)	2021	Mahavir Senior Model School, New Delhi	**88.4%**
CBSE (Class X)	2019	Mahavir Senior Model School, New Delhi	**88.2%**

INTERNSHIP

CodSoft, Delhi - **Aug 2023 – Sep 2023**

Profile: **Artificial Intelligence Intern**

- Got hands on experience with AI coding algorithms, building projects and implementing the code
- Learnt how to work in a dynamic environment while meeting deadlines effectively
- Overall experience of the internship was great

Pepcoding, Delhi- **Mar 2022 – May 2022**

Profile: **Teaching Assistant Intern**

- Assisted **50+** students with data structures and algorithms in Java
- Conducted regular doubt sessions in order to resolve a number of doubts

PROJECTS

- **Chatbot with Rule Based Responses**
  - Built a chatbot that responds to user inputs based on predefined rules. Used if-else conditional statements and pattern matching techniques to identify user queries and provide appropriate responses. This had given me an understanding of natural language processing and conversation flow.
- **Movie Recommendation System**
  - Created a recommendation system that suggests items to users, based on their preferences. I had leveraged techniques like collaborative filtering and content-based filtering to recommend movies, books, or products to users.
- **Smart Home Monitoring System**
  - Implemented an IoT leveraging Blynk app and Arduino Uno to create a smart LED system as an essential component for home monitoring system.
- **Tic-Tac-Toe leveraging AI**
  - Implemented an AI agent that plays the classic game of Tic-Tac-Toe against a human player. We can use algorithms like Minimax with or without Alpha-Beta Pruning to make the AI player unbeatable. This project helped me to understand the game theory and search algorithms

SKILLS

- **Languages** : Java, Python, C, C++
- **Frameworks**: Scikit, NLTK, TensorFlow, Keras
- **Tools** : MySQL, SQLite
- **Platforms** : Linux, Web, Windows, Arduino
- **Soft Skills** : Communication, Leadership, Teamwork and Collaboration, Problem-Solving, Time Management, Adaptability, Event Management

ACADEMIC COURSES

- Sem 1**:** Programming in C
- Sem 3: Foundation Of Data Science, Principles Of Artificial Intelligence, Data Structures
- Sem 4: Fundamentals Of Machine Learning, Computer Networks And Internet Protocol, Database Management System, Software Engineering, Object Oriented Programming
- Sem 5: Operating Systems, Computer Organization And Architecture, Design And Analysis Of Algorithms, Introduction to Internet Of Things
- Sem 6: Introduction To Data Mining, Cryptography And Network Security, Digital Image Processing, Natural Language Processing

ACADEMIC ACHIEVEMENTS

- Secured highest score(**99%**) in applied mathematics in Sem 1
- Secured **94%** in **Computer Science** and **93%** in Chemistry in class 12th
- Secured **91%** in best 4 subjects (including **Mathematics** and **Science**) in class 10th
- Secured **1st position** in my school from class 6th-8th

POSITION OF RESPONSIBILITY AND EXTRA-CURRICULAR ACTIVITIES

- Honored with the position of **Head-Boy** in class 12th
- Elected as a Prefect from class 9th- 11th
- Organized a sports cum entertainment event Rope-Knock at college sports meet
  - Successfully managed a crowd of over **100+** participants at the event.
- Part of IEEE college society
- Provided mentorship and guidance to **JEE** and **board** students and associated with **Desh Ke Mentor** a government scheme
