Divya

New Delhi,Central Delhi | Phone no: 9013006619|divya.s6619@gmail.com

EDUCATION

Guru Gobind Singh Indraprastha University Delhi, IN
B.Tech. Expected May 2025
Major in AI and Data Science ; Minors in Physics and Chemistry
Cumulative GPA: 7.39/10
Relevant Coursework: Data Analysis, Software Engineering; Operating Systems; Algorithms; Artificial Intelligence

Guru Tegh Bahadur Polytechnic Institute Delhi,IN
Diploma in Computer Science engineering Aug 2019 - Jul 2022

WORK EXPERIENCE

Bharat intern New Delhi , IN
Data Science Intern Jul 2024 – Aug 2024
- Analyzed and processed the Titanic dataset to identify key survival factors, applying statistical and machine learning techniques.
- Developed and trained a Convolutional Neural Network (CNN) for accurate classification of cats and dogs, achieving a high accuracy rate.
- Implemented an email/SMS spam detection system using machine learning algorithms, enhancing message filtering efficiency.

All Soft Solution Partner IBM New Delhi , IN
Artificial Intelligence Intern Apr 2022 – May 2022
- Applied machine learning techniques to improve the accuracy and responsiveness of air quality predictions.
- Collaborated with a team to design and implement algorithms that identify pollution hotspots and predict trends.
- Evaluated and optimized the performance of the AI model, ensuring scalability and reliability in various environmental conditions.

UNIVERSITY PROJECTS

Titanic Dataset Feb 2023
- Analysed Titanic passenger data using Python libraries (e.g., pandas) to identify factors influencing survival rates.
- Built a predictive model (e.g., logistic regression) to classify passenger survival based on features like passenger class, age, and sex.

House Rent Prediction Jan 2024
- Leveraged machine learning techniques (e.g., linear regression, random forest) to construct a house price prediction model using Python libraries (e.g., scikit -learn).
- Leveraged Performed data cleaning and preprocessing to ensure model accuracy, including handling missing values and identifying potential outliers

ADDITIONAL

Technical Skills:
- Programming Languages: Python, SQL, C++, HTML, JAVASCRIPT
- Libraries/Frameworks: pandas, NumPy, Matplotlib , TensorFlow, Seaborn, OpenCV, Keras, Dlib
- Tools / Platforms: Jupyter Notebook, MS Excel
  Soft Skills: Teamwork, Leadership, Collaboration

Languages: Fluent in English;

Certifications & Training: Online Course in Data Science (Internshala Trainings).
