## ABOUT ME

I am currently in my 4th year of B.Tech, with Artificial Intelligence and Data Science as my majors. **Completed my Internship at Bechtel India Pvt. Lt.**
I have a keen interest in AI and data analytics. I am looking forward for an opportunity that allow me to contribute to data analytics and predictive analysis using my knowledge in AI and DS, Power BI, Python, and Excel. I also want to use my knowledge to bring in automation solutions which would help in saving time and effort, for the team and organization I work for.
