PRAFULL SHARMA

Najafgarh, New Delhi, 7838968480, prafull.sharma1229@gmail.com , LinkedIn- Prafull Sharma-8b8406239

EXPERIENCE

CODSOFT

Artificial Intelligence Intern August 2023

- Developed AI models for various applications, enhancing my skills in machine learning and data processing.

ACCENTURE

Data Analytics Intern October2023– November2023

- Completed a job simulation project focusing on data analytics, visualization, and interpretation of business-critical data.

EDUCATION

GURU TEGH BAHADUR INSTITUTE OF TECHNOLOGY **BATCH 2021-2025**

- Bachelor of Technology in Artificial Intelligence and Machine Learning CGPA:-8.7

RAO MOHAR SINGH SENIOR SECONDARY PUBLIC SCHOOL

- 12th CBSE(Batch of 2021):-79.3%
- 10th CBSE(Batch of 2019):-78%

PROJECT

FACE DETECTION AND RECOGNITION

- Developed a system for detecting and recognizing faces in images and videos using machine learning techniques.

IMAGE CAPTIONING WITH TRANSFORMERS

- Utilized powerful neural networks to process and generate captions for images, leveraging sequential data processing**.**

TIC TAC TOE GAME WITH MINIMAX ALGORITHM

- Implemented the Minimax algorithm to create an intelligent opponent that makes optimal moves in the game of TIC TAC TOE.

ELECTRIC VEHICLE DASHBOARD

- Created an interactive dashboard to display various metrics and data related to electric vehicles.

VIRTUAL ASSISTANT USING SPEECH RECOGNITION

- **Developed a virtual assistant using Python, integrating speech recognition for real-time voice commands, natural language processing, and task automation, enhancing user interaction and productivity**.

ADDITIONAL INFORMATION

- **Technical Skills**:
  - ✓ **Programming Languages**: Python, Java, C++
  - ✓ **Technologies:** Machine Learning, Data Science, HTML, CSS
  - ✓ **Tools & Frameworks**: Data Visualization with Power BI, Transformers for NLP and Image Processing
  - ✓ **Other Skills**: Object-Oriented Programming, Data Compression, Natural Language Processing, Artificial Intelligence
- **Non-Technical Skills** :- Analytical Thinking, Collaboration, Adaptability, Time Management, Communication
- **Languages:** English, Hindi
- **Certifications :** 3-star Python proficiency on Hacker Rank , Java Data Structures and algorithms, Data Visualization with Power BI, Introduction to C++,Python for Data Science, Machine Learning and Introduction to Artificial Intelligence.
