EDUCATION

Bachelor of Technology (AI & DS) 2021 – 2025
Guru Tegh Bahadur Institute of Technology
8.357 GPA (till 6th semester)

Class XII 2021
Modern Convent School (CBSE)
Percentage: 82%

Class X 2019
Modern Convent School (CBSE)
Percentage: 75%

PROFESSIONAL EXPERIENCE

Intern 04/2024 – 10/2024
SPHERE SOFT SOLUTIONS INDIA PVT. LTD. Hyderabad, India
Developed an AI-based damage detection system for vehicles using image analysis, enhancing assessment accuracy.

- Researching differnt models to find appropriate model required for the project
- Utilized CVAT.aiand Label Studio for high-quality data annotation and recreated the MNIST model to strengthen machine learning skills.
- Conducted consumer behavior analysis on a coffee dataset, revealing insights into preferences and transaction trends.

SKILLS

Programming Languages
Python (NumPy, Pandas, Scikit-learn, TensorFlow, Ultralytics, Open CV)
Java

Cloud computing
AWS

Database Management
MySQL

Data Visualization
Matplotlib
Seaborn

Machine Learning
Regression
Classification
Clustering
Neural Networks
Computer Vision

PROJECTS

Music Recommendation System 2023
A content based music recommender system implemented using clustering algorithm. Spotiy dataset was used to create the clusters and list recommendation based upon selected song.
Technologies used: Python(NumPy, Pandas, Seaborn)

ATM Software 2021
Console based ATM simulation software developed in python with database connection containing all the essential features.
Technologies used: Python, SQL

TRAINING

- Amazon Web Services with ML
  - Udemy
