Full Stack Developer

Experienced MERN and Next Js Full Stack Developer with 2+ years of expertise. Developed and deployed 10+ web apps, increasing user engagement by 30%. Collaborated with cross-functional teams of up to 5 members.

Technical Skills

- **Frontend Technologies**: React JS, Next JS, Tailwind CSS, ShadCN
- **Backend Technologies**: Node JS, Express JS, Prisma, Convex, Laravel
- **Databases**: MongoDB, PostgreSQL, MySQL
- **DevOps & Tools**: Git, GitHub, Vercel CLI, Netlify, Canva, 100mslive

.

Experience

Dashback
Aug 2024-Nov 2024

Backend Developer

Tech Stack: Mongo Db, Express JS, Node JS, REST APIS, Postman collections, Embedded JavaScript templates(EJS)

- **API Development & AI Integration:** Designed and optimized RESTful APIs using Node.js and Express, integrating AI-powered features and voice recognition capabilities, enhancing backend efficiency by 40% and elevating user experience.
- **Database Optimization & Scalability:** Implemented advanced indexing and optimized MongoDB queries, reducing response times by 30% while ensuring scalable and efficient data storage for high-traffic applications.
- **API Testing & Quality Assurance:** Conducted rigorous API testing with Postman, ensuring seamless functionality, 15% faster response times, and error-free deployment for production-ready systems.
- **Leadership & Cross-Functional Collaboration:** Led a cross-functional team of developers, ensuring successful integration of backend services with UI components while delivering projects on schedule and maintaining 100% adherence to quality standards.

BizOAlly
Jul 2024-Sep 2024

Software Developer

Tech Stack: React Js, Tailwind Css, ShadCn / UI, Php, Laravel, REST APIS

- **React & UI Development**: Engineered high-quality user interfaces, driving a 40% increase in user engagement.
- **Responsive Design**: Devised flexible websites using React and Tailwind CSS, ensuring optimal user experience across 80% devices.
- **Laravel API Creation**: Formulated robust APIs with Laravel, enhancing 20% backend functionality.
- **Team Leadership**: Led teams to achieve project goals within timelines and budget, affirming 100% client satisfaction and positive feedback.

Thinkroman Ventures
Nov 2023-Feb 2024

Software Developer

Tech Stack: React Js, Next Js 14, Prisma, Tailwind Css, ShadCn / UI, UX, AG-Grid, TanStack

ThinkRoman Care | [Link] | ThinkRoman Health Monitor | [Link]

- Assembled interactive React tables (React Table & ag-grid), boosting data interaction by 40%.
- Optimized API calls and streamlined website structure, reducing loading times by 30%.
- Integrated a video calling feature using 100mslive, enhancing virtual interactions.
- Designed an accommodating layout using Next.js 14, Tailwind CSS, and ShadCN, improving user experience across various devices for optimal engagement.

Projects

Next Thoughts | [Link] - [Github]
Mar 2023-May 2024

Tech Stack: Next JS, Convex, Shad Cn, Tailwind CSS, Edge Store

- Created an intuitive UI using Tailwind CSS and ShadCN, elevating note creation by 40%.
- Secured user data with Clerk 5 authentication, securing data control.
- Facilitated public and private note sharing, raising collaborative projects by 30%.
- Crafted a modern, diverse UI with dark and light modes, boosting user satisfaction by 25%.

Education

Guru Tegh Bahadur Institute of Technology
New Delhi, India

B.Tech : Artificial Intelligence & Machine Learning

Soft Skills

- Innovated groundbreaking solutions and partnered with cross-functional teams during hackathons and contests, achieving first place in three company-wide competitions and increasing team recognition by 40%
- Attained project objectives through timely identification and resolution of challenges.
